Each year, the Utah Arts Council reports to our State Legislature on the form, function, and cost of local support for arts-related activities throughout the state. This information is used by the Legislature in determining budget. The information contained in the report also assists Utah Arts Council in the development of new programs, funding, and training opportunities. The survey of Local Arts Councils gathers the data needed for an up-to-date, clear, and more comprehensive report.

The form may be accessed by going to the arts.utah.gov home page, and clicking on "Local Arts Council Survey." Please fill out the form to the best of your ability and submit it via email to lizsmith@utah.gov by November 21, 2008. By doing so, the UAC will be able to collate and analyze the data in a timely basis for the upcoming legislative session.

We greatly appreciate your assistance with this project, and we thank you for your dedication, spirit and vision in supporting the arts in your community!

Warm regards,

Liz Smith
